

## **Women – Sexual/Physical/Emotional Abuse**

In our world that is full of evil and crime, almost everyone is affected by some type of abuse. Whether it is you personally or a friend or family member, we all know someone who has in the past or is currently struggling with some form of abuse. This group of women, who are both survivors and present victims of abuse, support each other through these difficult times. Our message is that there is hope for a better life in the arms of our Higher Power Jesus Christ. If your struggle connects you to this group, I would encourage you to read the 12 Steps for Abuse. There is a link for this on our CR page (top right). This group meets in A-1 at 8:00pm.
